Child360.org

Child360 is a non-profit organization whose mission is to support the development of the whole child, grow a qualified and diverse workforce, and strengthen family engagement. Since 2005, Child360 has helped prepare over 115,000 children for kindergarten and beyond by funding, rating, and raising the quality of preschool programs throughout Los Angeles County.

Quality Start Los Angeles is part of a nationwide movement to set standards that define quality for early childhood education (ECE). It is designed to inform parents as they make one of the most important decisions – finding the best early childhood education program for their family. Quality Start Los Angeles performs assessments and offers ECE providers support and financial incentives for their ongoing commitment to quality. The initiative is a joint effort of the Los Angeles County Office of Education, Los Angeles County – Office of Child Care, Child360, Child Care Alliance of Los Angeles, and First 5 LA.
